A WORD FROM FAITH & FOUNDATION

ST.AUGUSTINE SCHOOL THIRD FLOOR CONSTRUCTION UPDATE

Dear parents,

As you know, the second phase of construction of our school building includes completion of the third floor. We are pleased to let you know this construction has begun.

Although work will be done inside the school, there will be minimal disruption to learning and to the school day. The work will be done in full compliance with all city bylaws and the grounds will remain safe for all during the school day.

As always, our first priority is to ensure the safety of our children and school community.

There will be construction and trades people on-site, along with their associated vehicles, materials and equipment.

We anticipate completing the work in late spring.

As we have throughout the school's construction, it is our intention to be respectful of our school community and of our neighbours.

If you have any questions, please contact the Faith and Foundation Office at 604-736-4455, ext 231.
